Subject: Willamette needs cleanup that's good for business

The EPA should care about our economy and jobs and the environment

The Willamette River is the lifeblood for Oregonians but it is also the home to many, many businesses and jobs on our working waterfront. The shipyards and docks have really defined who we are as a city, Port-Land.

Please do whatever you can to support the river and our health but also to make sure our jobs don't go away.

Sincerely,
